PROFILE

• IT professional with 4+ years in enterprise Pega development and production support, transitioning to cloud and DevOps. Hands-on AWS EKS, Terraform, CI/CD, GitOps, Azure networking and multi-tier deployments.

CERTIFICATIONS — VERIFIED

• AWS Certified Cloud Practitioner — issued 16 Oct 2026; expires 16 Oct 2029.

• Microsoft Certified: Azure Fundamentals — earned 17 Oct 2026.

• Pega Certified System Architect (CSA); Pega Certified Senior System Architect (CSSA).

EXPERIENCE

• Technical Associate | Evoke Technologies | Apr 2021 – Jul 2025

• Developed Pega PRPC workflows and REST integrations; automated processes and supported production troubleshooting, UAT and Agile delivery.

SELECTED CLOUD & DEVOPS PROJECTS

• BoundaryPass AWS EKS Cricket Booking — FastAPI, Python, Terraform, EKS, GitHub Actions, Argo CD; application testing, security checks, documentation and teardown.

• Azure Multi-Tier Architecture — Azure VMs, VNet, NSGs, Nginx, Tomcat and MySQL with private tier connectivity.

• EKS GitOps CI/CD — Maven, SonarQube, Trivy, Docker Hub, GitHub Actions and Argo CD.

• AWS Infrastructure Automation — reusable Terraform networking, IAM and NLB modules, encrypted S3 state, Jenkins pipeline.

• Serverless Booking — S3, API Gateway, Lambda, DynamoDB, IAM and CORS.

• AWS Networking & Database Labs — EC2, private RDS MySQL, ALB, NAT Gateway and subnet isolation.

TECHNICAL SKILLS

• AWS: EC2, VPC, IAM, S3, RDS, EKS, ELB, Route 53, Lambda, DynamoDB | Azure: VMs, VNet, NSGs, Bastion

• Terraform, Git, GitHub Actions, Jenkins, Docker, Kubernetes, Argo CD, SonarQube, Gitleaks, Trivy

• Linux, Bash, CloudWatch, Prometheus, Grafana, Python, FastAPI, MySQL, Pega PRPC, REST APIs

EDUCATION & TRAINING

• M.S. Computer Networking — Australia (Dec 2020) | B.Tech Computer Science and Engineering — Hyderabad (May 2018)

• MERN Stack Development — Tech U (Sep 2025 – Mar 2026)
